Location: Family Services Inc. Administrative Offices: 610 East Diamond Ave, Suite 100 Gaithersburg, 20877

### Child Development Core of Knowledge:

#### **A. Making the Connection! Brain Development in Young Children - 3 hours**

Learn how the brain is put together and how it works. We will discuss the times when a child's brain learns things best and introduce practical play activities that are known to promote optimal brain development

#### **B. Discipline is not a Dirty Word - 3 hours**

We will be presenting ideas on positive discipline and how to use it in your childcare setting. The tools you learn will include: choices, redirection and setting limits.

### Special Needs Core of Knowledge

#### **C. Red Flags in Child Development - 3 hours**

Learn how to recognize when a child's development may be delayed and how to refer families to local free resources. In addition to the recognition of delays in children, we focus on how to effectively communicate with parents.

### Community Core of Knowledge

#### **D. Explore the Path to Literacy - 3 hours**

Comprehensive information on how young children ages 0-5 develop early literacy skills training. The training includes fun, interactive and practical day-to-day lesson plan activities. Participants receive a fully equipped Literacy Kit valued at \$250 per classroom.

Call Sharon Engler: 301-840-3211 or email: [englers@fs-inc.org](mailto:englers@fs-inc.org) for more details and to register.
